

STEELE CONNECT RCU SERIES THE HIGH ELECTRICAL POWER DESIGNED FOR YOUR APPLICATIONS

High power capacity for Industrial and robotic applications

INNOVATIVE SOLUTIONS

DESIGN & MANUFACTURE OF ROBUST AND SAFE INTERCONNECT SYSTEMS

ROBOTICS

Connectors for industrial robotics

ENERGY STORAGE

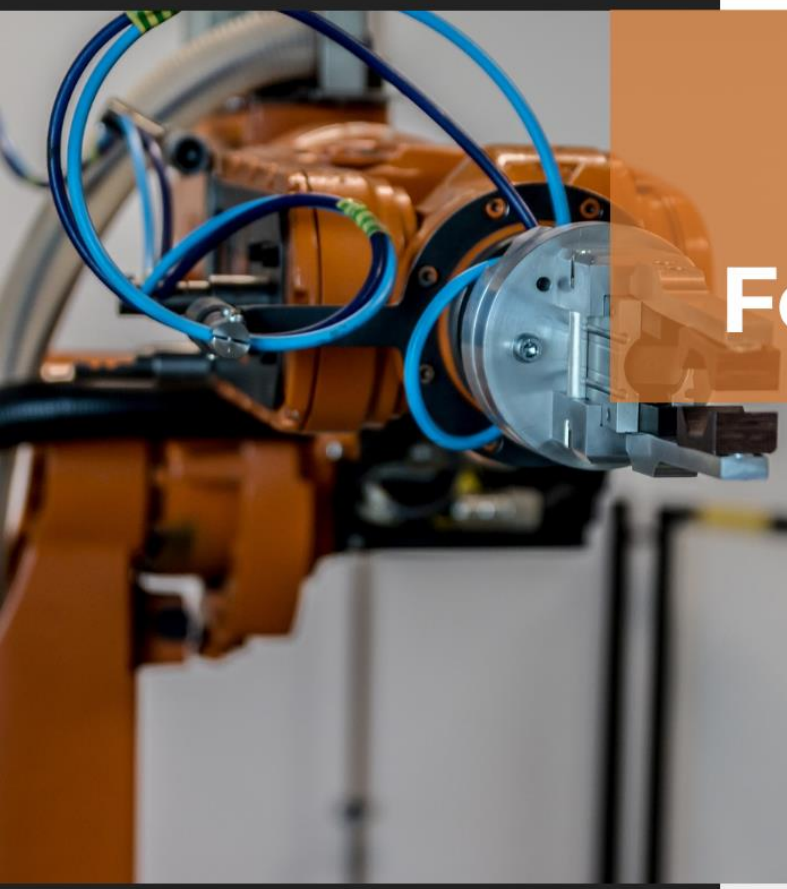

Adapted for high power systems

ENERGY TRANSFER

Efficient in severe environments

WE ARE

The Innovative Solution For your Industry

HIGH POWER SOLUTIONS

The patented ULTRAWATTS® contacts offer a power supply & distribution for equipments in harsh environments . The Ultrawatts® contacts are 20 % more efficient than standards parts

MODULARITY FOR SPECIAL APPLICATIONS

All components and materials are RoHS compliant

Does not exceed the limit for SVHCs

From 500 to 10 000 operations according to configurations

MADE IN FRANCE

ADVANTAGES

- Quick locking system
- Small footprint
- Low insertion force
- Space and mass saving

- IP2X Finger protection
- IP67 Sealing
- Resistant against welding fumes and sparks
